Lot 225

Replica Seeley MK2 Rolling Chassis Project.

The origins of this project are unknown, the deceased vendor Scottish Motorcycle Racer Andy Richardson was building it before his passing and a family friend in the Scottish Classic Racing Motorcycle Club was asked by the family to assist with its sale.

The unpainted frame has no lugs so it can take a Gold Star or AJS 7R engine.

New parts included are Akron alloy 18" rims, Maxton suspension, Marzocchi top/bottom fork yokes, rear suspension, hubs, rear sprocket, alloy rear wheel adjusters, clip ons, alloy tank, and fairing brackets.

Used parts include an original Seeley primary chain case plus another primary chain case, high level exhaust silencer, seat, 13" front disc, alloy engine and gearbox plates, 2 steering dampers, and a front alloy mudguard.

Estimate: 2500.00 - 3000.00

Fees: Free Registration: 27.6% inc VAT* , Flat Fee Registration: 24.00% inc VAT*
